

134. You are given the following random sample of 13 claim amounts:

99 133 175 216 250 277 651 698 735 745 791 906 947

Determine the smoothed empirical estimate of the 35th percentile.

- (A) 219.4
- (B) 231.3
- (C) 234.7
- (D) 246.6
- (E) 256.8
